Subject: Local dive shop?

Hows it going? Any word on the tide?

Do you have time to locate the closest dive shop to the site and ask them when they had their air tested last? ...and if they wouldn't mind emailing you a copy of the results.

Bill had a few tanks filled the last time we were down there. I don't remember who rode with him to the shop. If it wasn't you, maybe we can ask Nick.
